Type Of Activity	Workshop	
Date And Time Of Activity	15/04/2019	10.00AM
No. Of Participants	50	
Resource Person	Dr. Soma sundharam	
Coordinators	Department of pharmaceutical analysis	
Description	The Lab Glassware Safety Workshop, organized by the Department of Pharmaceutical Analysis at DJPS College of Pharmacy on April 15, 2019, was a successful and informative event. Headed by Dr. Soma Sundharam, the workshop included theoretical sessions on the importance of quality glassware, practical demonstrations of proper handling techniques, and discussions on safety precautions. An interactive Q&A session allowed participants to clarify doubts, and feedback was collected for future improvement. The workshop aimed to enhance awareness, safety, and skills in laboratory practices, contributing to a safer working environment for students and faculty members.

Coordinators	Department of Pharamceutics	
Description	The Seminar on "Nanoparticles and Their Role in Formulation Development" at DJPS College of Pharmacy on March 25, 2019, provided a comprehensive exploration of the applications and significance of nanoparticles in pharmaceutical formulations. Led by Dr. Bharath Ram, the seminar covered theoretical aspects, practical case studies, and technological advances in nanoparticle research. The interactive session facilitated knowledge exchange, networking, and positive feedback, making the event a valuable resource for students and professionals. The seminar highlighted the commitment of the Department of Pharmaceutics to bridging the gap between academic knowledge and practical applications in the pharmaceutical industry.

Description	The Seminar on "Drug Delivery System: Formulation and Evaluation" at DJPS College of Pharmacy on February 18, 2019, was led by Dr. Mallikarun Golla, Head of the Department of Pharmaceutics. The event provided a comprehensive overview of drug delivery systems, covering formulation strategies, practical techniques, and evaluation parameters. Practical demonstrations, case studies, and an interactive Q&A session enriched the learning experience for participants. The positive feedback highlighted the success of the seminar in bridging theory and practical application in pharmaceutical sciences, emphasizing the department's commitment to advancing knowledge in the field

Description	The Seminar on "Oral Solids Production and Quality Control" held at DJPS College of Pharmacy on January 21, 2019, was organized by the Department of Pharmaceutics and conducted by Dr. Sundharishan. The event covered key aspects of oral solids production, including formulation techniques, manufacturing processes, and quality control parameters. Dr. Sundharishan provided expert insights through theoretical sessions, practical discussions, and case studies. The interactive nature of the seminar facilitated engaging discussions among participants. Positive feedback highlighted the success of the event in addressing the educational needs of attendees. The Department of Pharmaceutics expressed a commitment to organizing future events that address evolving challenges in the pharmaceutical industry

Description	The Workshop on "Analytical Instrument Training and Patent Filing" held at DJPS College of Pharmacy on December 4, 2018, was organized by the Department of Pharmaceutical Analysis and led by Dr. Senthil Prabhakaran. The event featured hands-on training on analytical instruments and insights into patent filing in the pharmaceutical field. Participants gained practical skills in instrument operation, maintenance, and troubleshooting, along with knowledge of patent filing processes and documentation requirements. The workshop's success, as indicated by positive feedback, highlighted its effectiveness in enhancing practical skills and knowledge among participants. The Department expressed a commitment to organizing similar events to meet the evolving needs of students and professionals in pharmaceutical analysis.

Description	The Seminar on "Intellectual Property Rights (IPR) and Patent Filing" at DJPS College of Pharmacy on October 15, 2018, was organized by the Department of Pharmaceutical Analysis and led by Dr. Navitha Goswamy. The seminar provided a comprehensive overview of IPR, emphasizing its significance in the pharmaceutical industry. Dr. Goswamy detailed the patent filing process, offering practical insights and case studies. The interactive session facilitated participant engagement, allowing for a deeper understanding of patent-related challenges and strategies. The seminar also highlighted the importance of IPR in pharmaceutical analysis. Positive feedback indicated the event's success, demonstrating the department's commitment to keeping participants informed about industry trends.

Description	<p>The Workshop on "CPCSEA Guidelines and Animal Handling Techniques" at DJPS College of Pharmacy on August 9, 2018, organized by the Department of Pharmacology and conducted by Mr. Anitha, provided an overview of CPCSEA guidelines governing animal research. The workshop emphasized ethical considerations, compliance requirements, and practical animal handling techniques. Interactive sessions and practical compliance scenarios allowed participants to engage in discussions and apply ethical principles. The workshop aimed to enhance participants' understanding of CPCSEA guidelines and ensure the humane treatment of animals in scientific research. Feedback from participants will contribute to continuous improvement in future workshops, highlighting the department's commitment to upholding ethical standards in animal experimentation.</p>
