EVENT REPORT

Name Of The Activity	ANACON - Peak heights in analytical techniques	
Type Of Activity	Conference	
Date And Time Of Activity	14/4/2023	10.00AM
No. Of Participants	131	
Resource Person	Dr. Reddi Basha	
Coordinators	Department of Pharmaceutical Analysis	
Description	<p>The Department of Pharmaceutical Analysis at DJPS College of Pharmacy organized the successful Annual Conference on "ANACON - Peak Heights in Analytical Techniques." The event aimed to provide a collaborative platform for researchers, academicians, and industry professionals to share advancements in analytical techniques. The inaugural ceremony, led by the Principal, emphasized the significance of analytical techniques in pharmaceutical research, with distinguished guests from both industry and academia setting the intellectual tone. Renowned expert Dr. Reddi Basha delivered insightful keynote addresses, covering topics such as chromatography and spectroscopy. The conference featured technical sessions focusing on method development, validation, and application of analytical techniques in pharmaceutical analysis. Engaging panel discussions explored current trends, and a dedicated Industry-Academia Collaboration Forum aimed to translate research outcomes into practical applications. An exhibition showcased cutting-edge instruments, and a poster competition allowed young researchers to present their work. The event provided extensive networking opportunities, fostering connections among researchers, students, and professionals. Overall, the conference, orchestrated by the Department of Pharmaceutical Analysis under the guidance of the Head of Department, was a commendable success, serving as a knowledge-sharing platform and strengthening collaborations</p>

Name Of The Activity	Recent trends in experimental pharmacology	
Type Of Activity	Workshop	
Date And Time Of Activity	3/3/2023	10.00AM
No. Of Participants	112	
Resource Person	Dr. M.Maneesh Kumar Reddy	
Coordinators	Department of Pharmacology	
Description	<p>The event commenced with the principal addressing the assembled audience and extending a warm welcome to the guest. Following this, the Head of the Department (HOD) introduced the guest and then handed over the platform to the speaker. The speaker initiated the session by outlining the objective, which was to explore the trends in high-impact studies within the field of pharmacology and pharmacy research. The aim was to generate valuable insights to guide future research endeavors in this area. The participants displayed enthusiasm and actively raised questions and concerns, which were addressed by the speaker. They gained knowledge and, towards the conclusion of the session, the speaker presented the findings derived from the research. To wrap up the event, the HOD expressed gratitude and appreciation, and the guest was honored with a token of recognition.</p>

Description	<p>The Department of Pharmaceutics at DJPS College of Pharmacy conducted a seminar on "Challenges in the Manufacturing of Parenterals" on January 22, 2023. The event aimed to address the intricate issues encountered in the production of parenteral pharmaceuticals. The seminar commenced with an inaugural session, highlighting the significance of overcoming challenges in parenteral formulation. Renowned experts presented on diverse topics, including sterile formulation development, aseptic processing, packaging complexities, and regulatory considerations. Interactive sessions allowed participants to engage in discussions and gain deeper insights, supplemented by real-world case studies illustrating practical challenges and solutions. A panel discussion brought together experts from academia and industry to explore collaborative approaches in overcoming manufacturing challenges, encouraging audience participation. The seminar facilitated networking opportunities, fostering connections among professionals, researchers, and attendees. The overall objective was to provide a comprehensive platform for knowledge-sharing and collaboration, bridging the gap between theoretical understanding and practical solutions in parenteral</p>

Description	<p>The Department of Pharmaceutical Analysis at DJPS College of Pharmacy organized a Seminar on the "Submission of New Drug Application" to address the complexities of regulatory processes in bringing new drugs to market. The event commenced with an inaugural session emphasizing the critical role of New Drug Applications (NDAs) in the pharmaceutical industry. Expert presentations covered the intricate regulatory landscape, focusing on documentation requirements, adherence to guidelines, and the importance of data integrity in the application process. Case studies and best practices showcased successful NDA submissions, offering practical insights into real-world challenges. Interactive workshops allowed participants to explore document preparation, data organization, and effective communication with regulatory agencies. A panel of experts engaged in a comprehensive discussion on challenges and evolving trends in NDA submissions, fostering audience participation. The seminar provided networking opportunities for attendees to connect with industry professionals, regulatory experts, and peers, promoting collaboration and knowledge exchange. Overall, the event, organized by the Department of Pharmaceutical Analysis, successfully</p>

Description	<p>The event commenced with the principal extending a warm welcome to the gathered audience and introducing the guest. Subsequently, the Head of the Department (HOD) introduced the speaker and handed over the platform. The speaker initiated the seminar by highlighting the importance of Pharmacovigilance, defining it as the continuous monitoring of medication safety and the proactive management of risks to enhance the benefits of medicines, underlining its critical role in public health. Various activities associated with Pharmacovigilance were discussed in detail. Throughout the seminar, participants actively engaged, expressing enthusiasm and posing questions that contributed to their understanding. Conclusively, the speaker summarized the seminar by discussing the framework and the significance of a black symbol in the context of Pharmacovigilance. To wrap up the event, the HOD expressed gratitude and appreciation, and the guest was acknowledged with a token of recognition as a gesture of honor.</p>

Description	The principal addressed the gathering and welcomed the guest. The HOD introduced about the guest and handled over to the speaker. The speaker started with the Objective that To create, implement, and evaluate a workshop that teaches undergraduate pharmacy students about entrepreneurship. Workshops with 3 hours of contact time and 2 hours of self-study time were developed for final-year students. Workshops effectively delivered course content about entrepreneurship and helped develop relevant skills. This work suggests the value instruction on entrepreneurship. Finally the HOD delivered the vote of thanks and the guest was felicitated with a momentum

EVENT REPORT

Name Of The Activity	Modern techniques involved in synthesis and analysis of drugs	
Type Of Activity	Workshop	
Date And Time Of Activity	23/9/2022	10.00AM
No. Of Participants	120	
Resource Person	Dr. Aswini Rathode	
Coordinators	Department of Pharmaceutical Analysis	
Description	<p>The event initiated with the principal warmly welcoming the assembled audience and introducing the guest. Subsequently, the Head of the Department (HOD) presented the guest and transferred the platform to the speaker. The speaker delved into the pharmaceutical industry's historical trend of achieving consistent double-digit growth in annual sales. However, the discussion acknowledged a foreseen decline in this growth due to impending challenges such as patent expirations, the necessity to curtail healthcare expenses, heightened investments in sales and marketing, and escalating research and development costs. Despite these obstacles, the pharmaceutical market for major therapeutic drug classes remains substantial, surpassing \$350 billion annually. This underscores the importance of exploring fresh opportunities in drug discovery, albeit in an industry undergoing consolidation and grappling with pricing pressures. Effectively managing the substantial risks and costs associated with pharmaceutical research and development becomes paramount in this context. To wrap up the event, the HOD expressed gratitude and appreciation, culminating in the acknowledgment of the guest with a token of recognition.</p>
